

SUSSEX SQUASH & RACKETBALL

NEW APPOINTMENT

DEVELOPMENT EXECUTIVE SQUASH AND RACKETBALL

At a time when the popularity in sport has never been higher Sussex Squash and Racketball is keen to develop its existing activity base for squash and racketball in Sussex. We aim to achieve this by helping clubs nurture their existing membership and attract new members and at the same time develop activity programmes specifically aimed at attracting junior participation. SSR has an ambitious development plan and an important element of the plan is the appointment of a part-time Development Executive with specific responsibility for the implementation of the plan and making it a success.

This is part-time role which offers an exciting opportunity to make a difference to squash and racketball in Sussex. If our vision inspires you and you believe you can inspire others, we want to hear from you. A full job description can be viewed on the SSR website. Completed applications should be sent by email to The Chairman, SSR at chairman@sussexsquash.org.uk. The closing date is 31st October 2012.
