|    | CM discussed the county's finances which overall are still healthy, however this year the junior account has made a loss of £4.5k, which although can be covered by reserves for now; this cannot be the case year on year so there is a need to ensure the juniors account are sustainable.PM asked the question about sponsorship and mentioned the fact the county had put in a Sportivate bid for around £8k for junior development which Camron Malik is leading on. MT mentioned he was keen that more focus was given to the 10-11yr old bracket linking with schools as feels this age group are more likely to stay in the sport. Crawley confirmed there had been some good links made with local schools and ST confirmed John Millard had recently been into Balfour Juniors in Brighton. |        |

|    | ST confirmed the Takepart event and road show were both reasonably successful<br>and brought a lot of visibility to the game from around Brighton. The takepart event<br>was very busy with lots of kids and adults having a go and being intrigued by the<br>blow up court. Unfortunately we did not get as many contacts as we had hoped.                                                                                                                                                                                                                                                                                                                                                                                                                                                           |        |
|    | The road show was a great day of squash and provided a much needed boost to<br>Brighton Squash Club in regards attracting new members. Sadly we did not get as<br>many new faces as hoped but it was a great showcase for squash. Following the<br>road show Brighton SC has been running some taster sessions for juniors which is<br>hoped will become permanent. Feedback from the meeting however did suggest the<br>road show was not as well advertised as first thought as a number of clubs were not<br>aware of it. It was agreed we needed to look at ways of improving our                                                                                                                                                                                                                 |        |

|    | Successful season in all leagues. Ladies next season looking to split back into two divisions with the addition of some new teams which is a real bonus. Racketball league looking for more clubs to take part. At present there is a winter league in the east and a summer league in the west would be good to rationalise this; it was agreed that for next season the racketball should play PAR 11 scoring to mirror the game nationally. MT and CM to finalise whose playing in which league                                                                                                                                                                                                                                                                       | MT/CM |

|    | Kirstie Thompson discussed the BIG Hit with the meeting. The plan is that ESR are particularly targeting Brighton and Hove looking at certain clubs. They have been selected to deliver on a number of opportunities under the headings "Try it, Play it and Court Challenge as well as Squashercise to get more ladies/girls playing." The clubs earmarked at present are Brighton SC, University of Sussex, Portslade leisure centre, Stanley Deason, Brighton Rackets and Corals; it is hoped that we can increase the numbers taking part in the game in all these areas with the support of Freedom Leisure, Active Sussex and Brighton and Hove Council. It is still early days but a number of meeting have been arranged to try and push the initiative forward. |       |

|    | Pm mentioned the county teams and those who had captained/managed them over the season. Results are on the website for the 2012/13 season.                                                                                                                                                                                                                                                                                                                                                               |    |
|    | Giles Cowdell raised the question over going to PAR11 in all leagues as this what<br>the juniors were now playing. There was a general discussion on the length of<br>matches if there were changes. Overall it was agreed that it should be introduced<br>gradually and therefore CM agreed to email all division 1 clubs to see if they would<br>be prepared to play Par 11 next season. PM keen that clubs continue to discuss<br>this change internally and feedback to the committee in the future. | СМ |
|    | CM mentioned there is a plan to organize a practical marking course which would be workshop based and would keep all clubs in the loop.                                                                                                                                                                                                                                                                                                                                                                  | СМ |

## Junior AGM:-Brighton Squash Club Saturday 29<sup>th</sup> June 2013

Present

Mick Sheeran (Junior League Organiser) Andy Watts (Crawley) Paul Sanders (Crawley) Giles Cowdell (Dunnings) Nic Davies (Lewes) Camron Malik (Copthorne plus Sussex SRA Development Officer)

### 1. Review Of Season.

Mick thanked all Junior Reps and parents for commitment to Sussex Junior Squash as without them there would be

no Junior leagues in Sussex.

A big thank you to Nic Davies and Bill Jeffries at Lewes for keeping the Juniors on track after the loss of coach Ryan

Whitely half way during the season.

A number of Juniors have now moved up to play Adult team squash which is great as it shows they are developing in to

high calibre players, though this did mean a slight reduction in the number of junior teams last season. A key challenge this season was once again the headache of agreeing new dates when matches needed to be re-arranged.

Which lead the meeting in to item 2.

### 2. Fixed Date Matches or Re-Arranged Matches.

A strong debate was had by all re the merits of adopting the Adult team structure of fixed dates or to continue with

current structure of allowing the Juniors to re-arrange matches during the season.

The agreement of the meeting was for next season to trial the adult structure of fixed match dates. This now leads to some keys items and dates to be fed in to the fixture generation:-

**NO GO DATES** - All Junior Reps to provide Mick Sheeran with 'NO GO Dates', the dates they want as NON MATCH days

This will require a bit of research and homework with your squads to check on holidays and other sporting event

clashes etc.

**<u>31st July</u>** - Confirm number of Team Entries and NO Go Dates to be emailed to Mick Sheeran.

18th August - Draft Fixtures published on LMS website.

Now a 2 week period were Junior Reps review draft fixtures and for any 'Bad Dates' contact their opponents and agree

a new date. Please email Mick Sheeran the new fixture details.

**<u>1st September</u>** - Final Fixtures published and no further rearrangements.

Junior matches will continue to be scheduled on a Saturday with the option to play on the following day i.e the Sunday.

### 3. Triangular Matches.

All agreed Triangular matches work well in div 5 (U13) and Div 6 (U11) and want to continue with this format in these 2 divisions.

#### 4. Confirmation of Teams for 2013-2014

Lewes 2 Teams (which is one additional team) Crawley 3 Teams (which is one additional team)

All other Clubs are currently evaluating their numbers for next season. **<u>n.b</u>** Please note above date of 31st July.

#### 5. Team Registration Fees.

Fees will remain at £20 per team.

#### 6. Promotion/Relegation.

Lewes have recently had a couple of strong juniors join the club and it was agreed that their 1st team would

now be best suited playing in Div 1.

#### 7. AOB

Camron Malik (Development Officer) asked can we all take every opportunity to promote Junior Team Squash when talking to other

Club members that currently don't enter junior teams.
