

## Enter a squash team in the **Sussex Business League**

The Sussex Business League was originally created to provide a league where local companies or teams from Sports Centres could play competitive, yet friendly squash against teams of a similar standard within Sussex, particularly those who would not normally get the opportunity to play in county leagues.

The Sussex Business League has now been incorporated in the Sussex squash online system so you can get an idea of the teams using the website below;

[www.lmsussexbusinessleague.leagueorganiser.co.uk](http://www.lmsussexbusinessleague.leagueorganiser.co.uk)

So if you are a squash player with a group of colleagues or friends and you would like to enter a team in the league, now is the time to start thinking about it. The league runs from September to April with approximately 8 to 10 matches to play in that period, some home and some away.

If you would like more details or have a team you would like to enter for next season please contact Graeme Gentry on 07743 365693 or [gentry@flowserve.com](mailto:gentry@flowserve.com)
